PERSIANS BUTCHERED

BY RUSSIAN SOLDIERS

Terrible Massacre of Men, Women and Children by Cossacks—Officers Make No Effort to Check R—Soldiers Go About Streets Harassing All Pedestrians and Looting.

London, Eng., Dec. 26.—One thousand men, women and children have been butchered at Tauris by Russian soldiers and the slaughter still continues, according to a report received

he today. Russian officers are reported to be making no attempt to check the cruelty of their men who go about the streets bayoneting all Christians and looting bodies of their victims.

The battle between the Fidaia and Russian troops is still raging around the ruins of the government palace. The Russian soldiers are still in the city. The Persians are fighting with valor, and are showing they are excellent marksmen.

A large force of Cossacks arrived in Teheran. Russian soldiers are enraged over the losses they have suffered at the hands of the Fidaia and several wounded Persian rioters have been taken to the city hospital.

Hundreds of homes have been looted

is burned. It is believed that this entire city may be destroyed.

London, Eng., Dec. 26.—The proclamation of Martial law at Teheran following the dismissal of the Morgan Shuster by the Persian cabinet and the fragmentary reports received, as to bloody massacre by the Russian soldiers at Reht are causing serious apprehensions here. Little additional information regarding the reported massacre has been received. Telegrams and dispatches from Teheran make no reference to these serious casualties and a report from the Russian consul at that point states that order now is restored, although he is preparing for further outbreaks.

to the northwest of Teheran, is another centre of constant and serious collisions between Russian and Persian elements. The small force of Russians that has been stationed there for some time had been reinforced.

Russian troops have come into contact on several occasions with the populace.

A special despatch received here says Russian artillery swept the street, while another, through Russian sources, says that a condition of anarchy exists, even being without adequate military forces to control their funds. The latter is evidently a suggestion on the part of Russia that a strong military force is essential to

guard their property interests in Persia as well as giving an explanation for the decisive effect of force by the Cossacks at various points.

Persia to be Ruled by Regent.

London, Dec. 26.—The Times Tehran correspondent understands that no elections will be held and that the regent and cabinet will conduct the administration, supported by the presence of the Russian troops at Kabin, where they are to be telephoned to the capital. The acting governor of Tabriz reports that it is impossible to negotiate with the Russians who are sweeping the streets with artillery and refuse to accept a truce.

SOCIETY SCANDAL IN ENGLAND.

Hon. Wm. Lawson Names Lord Hamilton of Dalzell as Co-Respondent.

New York, Dec. 26.—A London cable says a divorce suit was Monday entered on the list of cases for trial at the next session, the names of the principals being Lieut. Col. the Hon. Wm. Lawson, D.S.O., second son of Lord Burnham, proprietor of the Daily Telegraph, and his wife, who is a daughter of the late Gen. Sir Frederick Marshall, K.C.M.G., while the co-respondent is Lord Hamilton of Dalzell.

The evidence for the plaintiff will

include the statement that Mrs. Lawson, a few months ago told her husband she was going to Paris for a few days. He was suspicious, had her watched, and traced her to Lord Hamilton's seat in Scotland. He afterwards confessed her lover in Lord Hamilton and an immediate separation pending a divorce, was arranged.
